For Immediate Release

County's IT division gets new name

March 19, 2008 – In recognition of the growing importance of technology in today's society, Carroll County Government's Office of Information Technology Services has been renamed the Department of Technology Services. A similar change is currently being considered for State government offices by the Maryland General Assembly.

The county department's new designation will not affect its staffing or its budget. With an annual operating budget of \$1.55 million, the department's 30 employees provide support to Carroll County Government offices, the Sheriff's Office, the State's Attorney's Office and Carroll County Circuit Court. It will continue to operate under the leadership of Director/Chief Information Officer Mark Ripper.
